

# Disk brushes

## 5K disk brush

Scrubbing brush with 5-component trim.

GUTMANN QUALITY for a longer service life, best performance and high economic efficiency.

### Highlights

- Perfect dirt removal due to special filament mix
- Excellent for uneven and structured floors and surfaces
- Less human effort required for precise machine guidance
- Reduced noise level
- Shorter cleaning times
- Economical service life
- Wear indicator can be integrated

### Areas of application

- Wet Scrubbing (soft, medium and hard combined)
- Hard floors, tiles and safety floors
- Elastic floors
- Structured floors such as stone carpets or Pirelli floors, uneven floors and surfaces

### Technical data

Overall dimension	
Length/Width/Height	–
Diameter	≤ 600 mm
Body	
Length/Width/Height	–
Diameter	≤ 600 mm
Material	Injection moulded polypropylene body
Colours	All basic colours, as well as many common colours, special colours possible
Shower feed	With/without
Fill	
Fill Materials	5K mixture of 5 specially combined PP filament types, in corrugated and smooth design
Density of brush pattern	Dense
Brush pattern	Two-dimensional
Properties	soft, medium and hard combined
Colours	natural
Connection	
Connection	Individual connection to the machine with coupling, adapter or modular system technology
